

USA SWIMMING

**RULES & REGULATIONS COMMITTEE
ACTIONS TAKEN ON PROPOSED AMENDMENTS**

September 26, 2026

No.	Description	Location	Action
R-1	To provide an exception of the non-continuous turn rule specific to 12 & under swimmers. Rules should be designed to combat unfair advantages; this rule is a disadvantage.	101.4	Committed to Age Group Development Committee
R-2	To remove the requirement of having a signature on approved sanction applications.	202.4	Adopted
R-3	To allow for a waiver of the 60-day transfer rule in specific circumstances.	203.3	Adopted
R-3A	To remove the restriction when an athlete is competing internationally.	203.9	Committed to Rules & Regulations Committee
R-4	To clarify that paying a re-entry fee for a penalty alleviates the need to declare an intent to swim.	207.11	Adopted
R-5	To remove the requirement for including a physical address for proposal submissions.	502.1	Adopted
R-6	To remove the requirement to use World Aquatics-approved wetsuits on grassroots-level open water swimming. The requirement to use AQUA approved wetsuits is a needless restriction on grassroots-level open water swimming. There are only a handful listed on the AQUA Approved Swimwear list and nearly all are \$500 and above. This proposal is that for events below the Zone level that are not national-qualifiers (i.e. LSC Champs) that wetsuits that are not on the Approved Swimwear List but still comply with all of the regulations in 6.9 of the World Aquatics rulebook be allowed. There are dozens of wetsuits available, typically marketed to triathletes, that meet all of the necessary criteria but their manufacturers have simply not gone through the approval process. For example, XTERRA Wetsuits makes several varieties well under \$500 and in youth sizes. The end goal, of course, is to make wetsuits much more affordable for age-group athletes, which would allow for non-Southern states to begin their open water seasons earlier in Spring and extend them further into the Fall.	701.4	Adopted
R-7	To more align with World Aquatics Competition Regulations.	Article 701	Adopted
R-8	To more align with World Aquatics Competition Regulations.	Article 702	Adopted
R-9	To require the same LSC Board qualifications as the USA Swimming Board qualifications.	6.3 Required LSC Bylaws	Adopted
HK-1	To remove references to specific policy numbers in the Operating Policy Manual.	102.7.4 102.22.5 B 202.10 207.7.3 207.11.4 E 301.4 302.1.1 303.8	Adopted
HK-2	To remove reference to specific page number.	102.23	Adopted
M-1	To conform to World Aquatics Competition Regulations.	101.1.4	Informational
M-2	To conform to World Aquatics Competition Regulations.	101.2	Informational
M-3	To conform to World Aquatics Competition Regulations.	101.3	Informational
M-4	To conform to World Aquatics Competition Regulations.	101.4	Informational
M-5	To conform to World Aquatics Competition Regulations.	101.5	Informational
M-6	To conform to World Aquatics Competition Regulations.	101.6	Informational
M-7	To conform to World Aquatics Competition Regulations.	102.6	Informational
M-8	To conform to World Aquatics Competition Regulations.	102.8	Informational
I-1	To merge Maine Swimming and New England Swimming into one LSC as described in 604.4.	603.2 605.1	Informational
